HALL FURNITURE.

EVERYTHING NEW.

The hall is the first room in the house you enter. Furnish it well, as it is an index to the rest of the rooms. And then the front door is often left open these warm days and your neighbor might peep in unexpectedly. A new Hall Seat or Tree with a nice Mirror, an Umbrella Rack and a good Rug or two will send that neighbor across the way to tell the other neighbor about that beautifully furnished hall. Come in and let us show you some of the very latest styles.

Haberdashery.

It's the details of a man's apparel that give tone and character to his make-up. Poor or poorly fitting Haberdashery, antiquated or obsolete styles of Collar, Shirt, Necktie, etc., does away with the otherwise happy effect of a fine suit. A stroll through our Men's Furnishing Goods Department shows at a glance the newest, best and brightest in the thousand-and-one things that come under this heading---all at prices that fear no competition. This is a MAN'S STORE, and the man who comes here to trade goes away contented and happy.

FLOWERS OVER EARS.

New Fad For Women Invented by Lady Harry Bentinck.

Women in the United States and abroad are indulging in the picturesque fad of wearing huge flowers over their ears, says the New York Press. This headdress is becoming to most pretty women, although only a certain refinement will save the wearer from the epithet "freak." This is a season of license as far as coiffures are concerned, and "anything goes." One sees parted hair, pompadours and hair low on the neck. The wearing of flowers at the side was the invention of Lady Harry Bentinck of London, a great beauty who dresses in an unconventional way.

Last autumn she appeared at a ball in a gown of lemon colored chiffon. It was an accordion plaited skirt, and the sleeves were flowing masses of chiffon. Over each ear a large yellow chrysanthemum was fastened. Recently at one of the fancy dress parties in London Miss Muriel Wilson impersonated Cleopatra, and over her ears were two lotus flowers in full bloom. In New York this fad has been gaining headway.

Hanging a Hammock.

A hammock hung firmly according to the following directions will be safe and comfortable: The rope that secures the head end should be twelve inches or so in length, while that at the foot should measure four and a half feet. Arranged in this way the lower part only will swing free and the head be kept nearly stationary.

Cut on Wash Goods!

When in Boston, last week, we came across a beautiful line of popular-priced Wash Goods at about one-third less than regular prices. We are putting these values into this week's sale, as follows:

1000 yards of Organdies in lace stripes and Persian effects. These are regular 15 and 18-cent goods, bought in this way. We are able to benefit our trade by selling these goods at 10c per yard in this sale.

800 yards of Gingham bought in this same sale. Goods that have been selling at 12½ to 15c go in this sale at only 10c per yard.

500 yards of Mercerized Striped Organdies in light blue, grey, black and white. These goods sold two weeks ago at 22c per yard. They go in this sale at 15c per yard. We never sold such values so early in the season.

See Our Window for a Few Patterns of the Above Goods.

A. P. ABBOTT & CO.

Rain Coats!

These rainy days suggest Rain Coats. Why shouldn't you have one? The Men's Rain Coats are being worn as much for Top Coat use as Rain Coats. Never sold so many before in any season, simply because we are carrying the famous Hart, Schaffner & Marx Coats, which are the leaders in workmanship, quality, style and fit. They are made of all wool cloth chemically treated so that they are impervious to rain, but not air-tight. They are porous, allowing the circulation of air, which insures comfort and no overheating. They will keep you dry and always look well. Prices from \$10.00 to \$20.00 each.
